

DISCUSSION ON DEMONITISATION - WHETHER IT CAN REMOVE CORRUPTION?

Madam Marie Curie Science club affiliated to Breakthrough Science Society organized a discussion on “Demonetization - Whether it can remove corruption in India?” at Vanita Degree College for Women. The programme was presided over by Mouni, Convener of Madam Marie Curie Science club. Students placed their opinions about demonetization and felt that it is not scientific and it cannot solve the problem of corruption in the present system. D.Gangaji, President, BSS Hyderabad district committee and executive committee members Tejeswani, Ekta Misra also took part in the discussion.
