Madam Curie Day

Chennai : A demonstration of Chemistry experiments was conducted at Sivan Park, K K Nagar, Chennai on July 3 as part of observance of Madam Curie Day. Prof N Elangovan of A M Jain College and a team of students conducted the demo program. Through the experiments Prof Elangovan explained the science behind several phenomena seen in everyday life. He also exposed some of the magic tricks used by godmen and babas. A good number of students and their parents who were present enjoyed the demo program and asked several questions. Dr S H Thilagar, Vice President, BSS Tamilnadu in his presidential address spoke about a few salient aspects in the life of Marie Curie.
