

India March for Science - Hyderabad - Aug 9, 2019

The IMFS Organising committee of Hyderabad organized a huge rally and seminar. The March began from Basheerbagh and moved via Liberty cross roads and culminated at the Press club Hall. The IMFS Hyderabad Convener Dr.K.Babu Rao flagged off March.

At the end of the March, a meeting was held at the Press club Hall. Mr.R.Gangadhar (State Convener, Breakthrough Science Society) presided. Prof Purushotham Reddy (Renowned Environmentalist, Retd. Professor Osmania University) was the chief guest. Dr.K.Babu Rao said that the greedy corporates are spoiling the environment and appealed to the governments to take necessary steps.

In his speech Prof Purushotham said that day by day Environmental pollution is becoming a serious problem to the entire humanity. Due to the increased consumption of conventional fossil fuels the percentage of carbon in environment is increasing.

Prof. S Janibasha said that nowadays the tendency of mixing history and mythology is on the rise. He said that it is a dangerous mixture. He emphasized the importance of scientific temperament in all aspects of life. He said there is no good science and bad science. Science should be used for constructive purpose and not for destructive purpose.

Two resolutions, one is on Anti - black magic bill and another on Budget allocation for Education were passed unanimously. Jana Vignana Vedika state secretary Mr.R.Varaprasad and O.Y.S.T.E.R State president Mr.Rakesh were also present in the meeting. Nearly 600 students, teachers, professors, scientists and general public took part in the program.
